## EXCITEMENT AT THE BALL GROUND

Punahou and Santa Clara were the victors Saturday afternoon at the league grounds, the Puns easily defeated the Keios by a 5-0 score, and the Kams went down to defeat at the hands of the collegians by a 13-3 score. Both games were brilliant at times with good plays, although the games were not as good as they might have been. The Kams were certainly in bad luck. Reuter being as wild as a March hare and for that reason the Santa Clara players had little trouble in hitting him at will. Hart, the St. Mary College pitcher, who is playing with Punahou, pitched a beautiful game, striking out sixteen men.

Albright and Steere handled the indicators well, although some of their decisions were hoisted, but that has to be expected in a baseball game. The summary of both games follows:

Before a crowd of nearly three thousand people the Keio and U. S. S. Milwaukee teams went down to defeat at the hands of the Diamond Head and All Hawaii teams yesterday afternoon at the Teigue grounds. The first game between the Keios and Heads was ended with the victors having 10, and the visitors 3, at the end of play. The game was rather one-sided after the first inning, in favor of the Heads, although the Keios played very hard, and at times it looked as if they might score. Several decisions by the umpires made the Japanese spectators feel as if their countrymen were getting the worst of it, but both Albright and Lemon were doing the best they could.

The second game between the Honolulu picked team and the team from the Milwaukee was as good a game as any one wished to see, and for eleven innings both teams played hard for the victory which came to the local boys by a 8-3 score. The locals made three runs in the first and none until the first half of the eleventh when they sent five men around the bases and the game was theirs. The visitors scored in the second and fifth, but were unable to overcome the lead made by their rivals in the last half of the eleventh. Several times during the game kinks were made at the umpire's decisions.

The games by innings were as follows.

NEW YORK, July 14.—Indications of an active contest for the nomination for President at the National convention of the Independence party to be held in Chicago July 28th and 29th developed today. Four active candidates are now in the field and the friends of these men are to open headquarters in Chicago within the next few days.

The convention is to be held in Orchestra Hall, and every State in the Union will be represented with a complete delegation.

The convention of the Independence party will establish a new record in disposing of its business in two days instead of three and four days required by the two old parties. The first day will be devoted to the organization of the convention, the reports of appointments and reports of committees, while the second day is to be devoted to the adoption of the platform and the naming of nominees for President and Vice-President.

## COULD NOT GET MONEY ENOUGH

WHY THE ALAKEA STREET WHARF BIDS WERE ALL TURNED DOWN.

The turning down of all the bids for the new Alakea wharf shed has caused some comment in this city and John Hughes, who was the lowest bidder, feels very much aggrieved at the action taken by the Superintendent of Public Works. It is understood that the trouble was caused by the failure of a certain steamship company to keep up to an agreement which had been tentatively made.

The money available from the appropriation by the Legislature amounted to \$44,000. In addition to this a liberal fund from the steamship concern, which would derive great benefit from the new structure, was expected, but did not materialize. With the additional money which was expected from this source there would have been enough to complete the work.

Without this money the plans must be changed, for the Attorney-General has held that the Superintendent of Public Works must not contract for a greater amount of work than he has money available.

An attempt was made to scale the figures down to an amount which would come within the sum which could be used, but this was found impossible and new bids will be called for on modified plans. This will be done as quickly as possible.

CHINESE RECEPTION.

In honor of the Chinese Emperor's birthday, a reception was held on Saturday from 11 until 2 o'clock
